Other information

Expansion potential:	The internet sales component of this business is in its early stages. Significant growth opportunities could be realized through dedicating additional resources to this opportunity. Also, the company could support the development of a commission-based sales force focusing both on existing customers as well as new relationships.
└─ Competition/Market:	There are several large logo jewelry manufacturers which focus primarily on standardized products. However, this company has found a niche in more customized products and personal customer service. This provides higher margins as well as access to an underserved customer base.
└─ Support & training:	Owner will provide transitional training to new ownership.
└─ Reasons for selling:	Health issue
└─ Financing available:	Down Payment Negotiable
