

**B2B. Feast Off OSHA.****Kalamazoo, Michigan****Asking:** \$250,000**Gross:** \$100,000**Cash Flow:** Not Disclosed**Summary Description**

OSHA mandates it. We made it: "Right-To-Know" chemical warning labels [repetitively purchased from us] for use in the employee workplace. They are printed from our copyright-protected Hazard Communication Computer Software Program which we innovated to go with our specially designed Chem-Foil NFPA labels. 7 years . Never an OSHA citation ( federal or state) - anywhere in the USA. High Tech. Very professional. Used by GM. Delphi, GE - other big plants. Owner/developer in ill health. Sole stockholder. Needs to sell. Amenable. Business is easy to relocate. No buildings, land, machinery , etc. Use your office, computer, shelving and shipping facilities. A spectacular NEW product developed to go with the HazCom Labels. Part of the Package. For more product information and details - see our WEBSITE. [www.hazardlabel.com](http://www.hazardlabel.com)

**General Information****Year Established:** 1992**Employees:** 2

**Facilities:** Basic. office w/shelving for label paks. Packaging & shipping. desks, computers, printers, copy/fax/ telephone/ credit card machine, etc. Furniture and equipment as generally available. Easy transfer and relocation of business systems, assets, continuity of present customer base.

**Market Outlook**

**Competition:** Niche market. Most "Right-to-Know" labeling efforts are fragmented, not systemized or well organized. Most are suspect for OSHA citations. Our system provides needed warning information and utility for longer life on the container. It is far superior to ordinary paper labels.

**Growth and Expansion:** Labels are presently being used by major General Motors and Delphi plants. New pressure sensitive label applications have been developed. See our new HazardLabel Warning Sign program.

**About the Sale****Financing:** No financing . Cash sale

**Support/Training:** Although owner selling for reasons of age and health - technical support staff now being used is available and transferrable.

**Reason Selling:** ill health & advancing age
